

Speed Configuration Guide

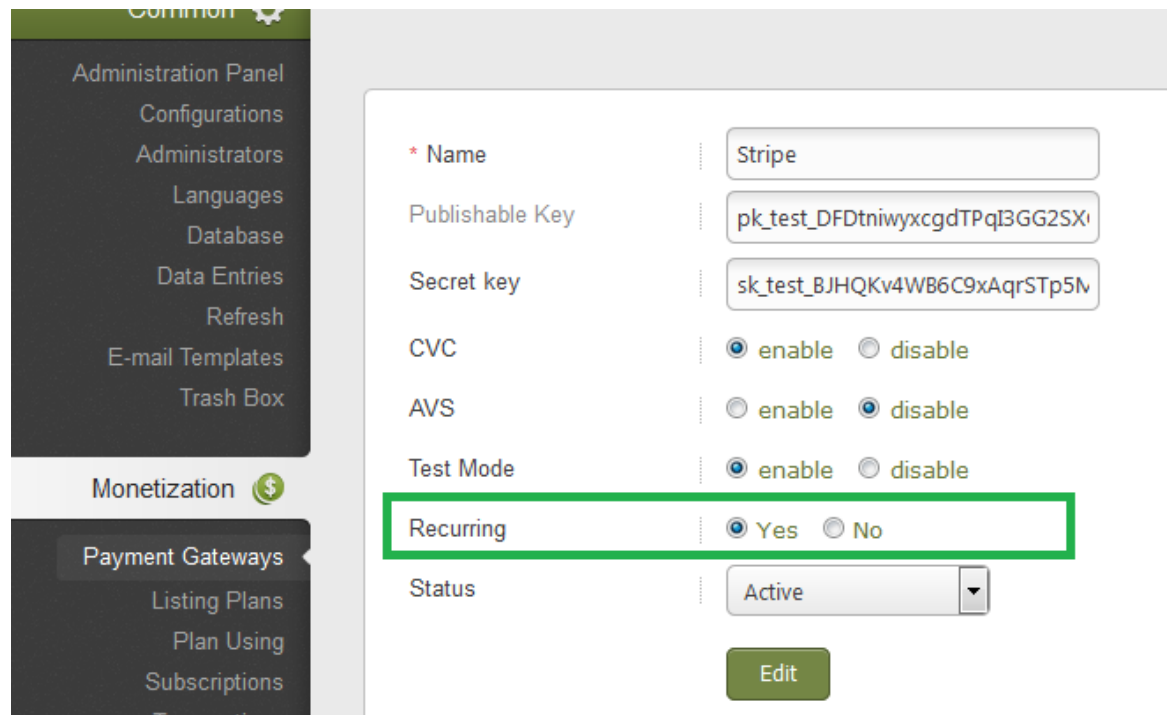

for configuring subscription plans in Stripe payment gateway

► Configuring Stripe subscription plans

The Guide will guide through configuring the payment gateway in Flynax and in Stripe account

◦ Configuring Stripe in Flynax admin panel

Go to Admin panel > Monetization > Payment gateways > Stripe > Edit > enable the recurring option

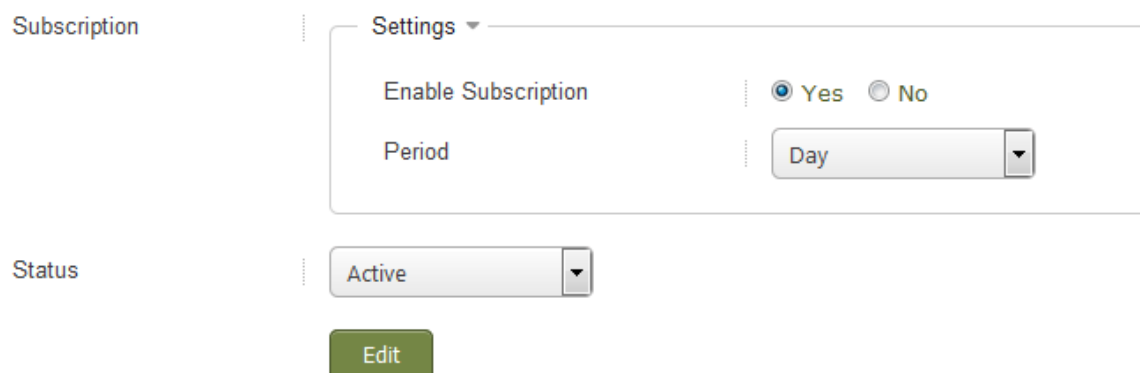

The screenshot shows the Flynax admin panel with a sidebar menu on the left. The 'Monetization' section is expanded, and 'Payment Gateways' is selected. The 'Stripe' gateway is being edited. The form includes fields for Name, Publishable Key, Secret key, CVC, AVS, Test Mode, and Recurring. The 'Recurring' field is highlighted with a green box, showing 'Yes' selected. The 'Status' is set to 'Active'.

* Name	Stripe
Publishable Key	pk_test_DFDtniwyxcgdTPqI3GG2SXl
Secret key	sk_test_BJHQKv4WB6C9xAqrSTp5N
CVC	☒ enable ☐ disable
AVS	☐ enable ☒ disable
Test Mode	☒ enable ☐ disable
Recurring	☒ Yes ☐ No
Status	Active

Edit

Then go to Listing Plans > Configure subscription settings:

The screenshot shows the 'Subscription' settings form. It includes a 'Settings' dropdown, 'Enable Subscription' field, 'Period' field, and 'Status' field. The 'Enable Subscription' field is set to 'Yes', and the 'Period' field is set to 'Day'. The 'Status' is set to 'Active'.

Subscription	Settings ▼
	Enable Subscription ☒ Yes ☐ No
	Period Day
Status	Active

Edit

- Configuring Stripe account

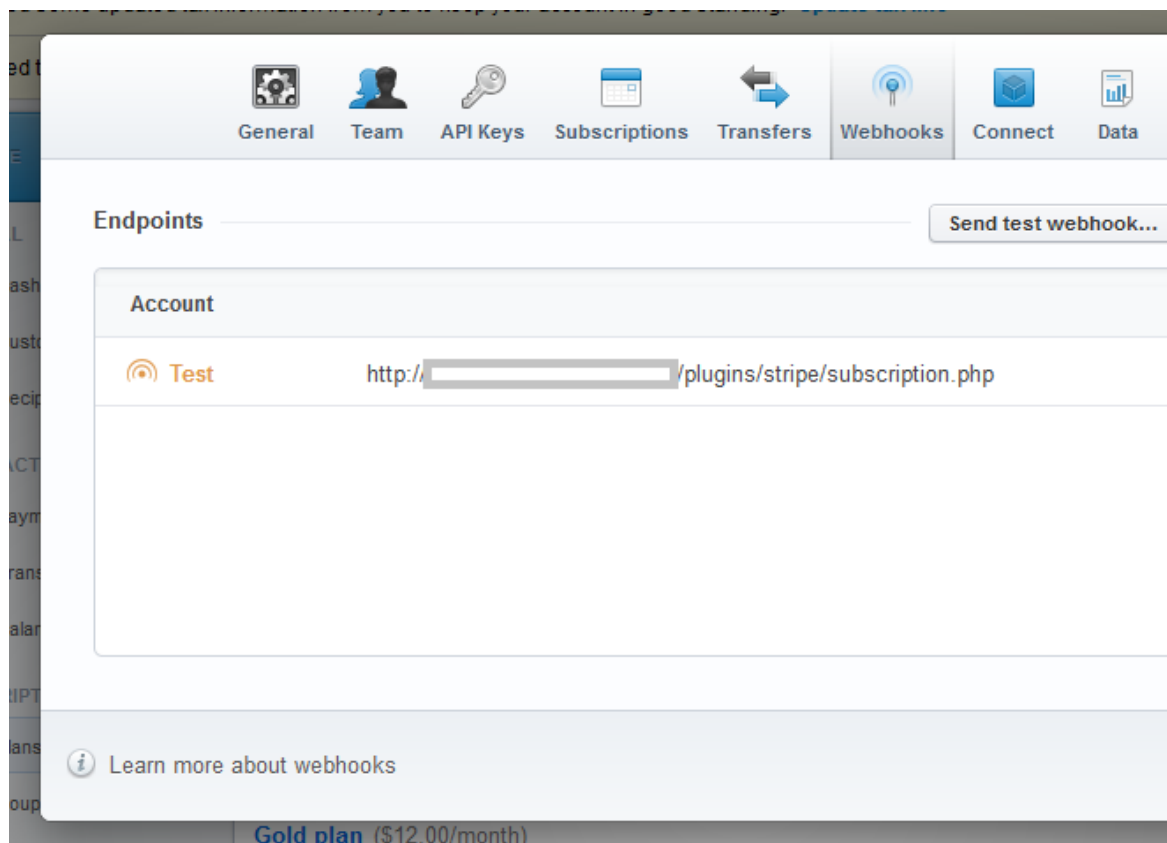

Log into your Stripe account, and go to Plans to check availability of a plan created

LIVE ☒ TEST
